RE: Request for Board Concurrence on Form and Amount of Surety for the Transfer of Atlas Minerals Mines to UMETCO Minerals Corporation, Rim-Columbus Mine, M/037/006, Pandora Mine, M/037/012, Calliham Mine, M/037/023, Velvet Mine, M/037/040

UMETCO Minerals has agreed with Atlas Minerals to assume four sites: The Rim-Columbus Mine, the Pandora Mine, the Calliham Mine, and the Velvet Mine. All four sites are currently covered by a Board Contract with Atlas. All four of these sites are over 5 acres and, therefore, require bonding.

UMETCO Minerals has submitted the attached bonding and permit transfer information for Board approval. Two of the bond estimates for the Calliham Mine and the Rim-Columbus Mine, are less than the original and are based on reevaluated estimates developed by the Division last summer (see attached estimates). The Calliham Mine used to include the Sage Mine. The Sage was recently transferred to Butt Mining Company as a Small Mine.

We have waived the requirement for a Reclamation Agreement (Form MR-RA) required under item #4 of the permit transfer form. These forms were not ready at the time the operator submitted this information. When these forms are ready for general distribution, we will ask the operator to fill them out for the mines discussed above.

## THE MINED LANDS RECLAMATION ACT

BCND

\*\*\*\*\*

The undersigned Umetco Minerals Corporation  
as principal, and Seaboard Surety Company as  
surety, hereby jointly and severally bind ourselves, our heirs, administrators,  
executors, successors and assigns unto the State of Utah, Division of Oil, Gas  
and Mining in the penal sum of Forty Three Thousand Five Hundred Forty-Four  
and no/100 dollars (\$ 43,544.00).

The principal estimated in the Mining and Reclamation Plan filed with the  
Division of Oil, Gas and Mining on the 9th day of March  
19 82, that 15 acres of land will be disturbed  
by this mining operation in the State of Utah. A description of the disturbed  
land is attached hereto as Exhibit "A."

When the Division has determined that the principal has satisfactorily  
reclaimed the above-mentioned lands affected by mining in accordance with the  
approved Mining and Reclamation Plan and has faithfully performed all  
requirements of the Mined Land Reclamation Act, and complied with the Rules  
and Regulations adopted in accordance therewith, then this obligation shall be  
void; otherwise it shall remain in full force and effect until the reclamation  
is completed as outlined in the approved Mining and Reclamation Plan.

If the approved plan provides for reclamation of the land affected on a  
piecemeal or cyclic basis, and the land is reclaimed in accordance with such  
plan, then this bond may be reduced periodically.

In the converse, if the plan provides for a gradual increase in the area  
of the land affected or increased reclamation work, then this bond may  
accordingly be increased with the written approval of the surety company.

PROVIDED FURTHER, the surety herein shall have the right to cancel this bond at  
any time upon giving the principal herein and the Utah Department of Natural  
Resources at least thirty (30) days prior notice of its desire so to do, such  
cancellation, however, shall not affect its liability as to any amounts then due  
or thereafter to become due hereunder as the result of mining occurring prior to  
the date of cancellation specified in such notice.

NOTE: Where one signs by virtue of Power of Attorney for a surety company, such Power of Attorney must be filed with this bond. If the principal is a corporation, the bond shall be executed by its duly authorized officer.
